

Thank you for taking the time to write a hero, Daniel Hale, who out of conscience has let us, U.S. Citizens, know what Our Government - the U.S. Military - has done in our names - **committed killings and maimings of citizens with impunity** - until Daniel Hale, Julian Assange, Chelsea Manning, Edward Snowden and others are recognized as heroes, not law breakers, our society will be doomed. They have done the hard reporting work, becoming needed whistleblowers. We need to express our gratitude! **Daniel Hale needs to be pardoned by President Biden as does Julian Assange. This is the time. "This is the time to heal." (President Biden inaugural address Jan. 2021)**
